1942 WHOLESALE PRICE LIST OF EPIPHYLLUMS
R. W. POINDEXTER NURSERY
Compton - California

In our cactus and succulent business we are growers and wholesalers and are not making retail sales. Epiphyllums are considered a distinct department because they appeal to a different class of amateurs and take entirely different culture than the other cacti. We are, therefore, making retail as well as wholesale sales of epiphyllums. It is necessary to stimulate general interest by advertising in order to bring about due appreciation of these splendid plants. As soon as sufficient demand has been created to assure the dealer of an expanding market and assure us of a sufficient outlet, we shall stop making retail sales.

The following is our 1942 wholesale list. A copy of our supplementary retail list accompanies it. WE OFFER TO DEALERS A DISCOUNT OF 50% ON RETAIL LIST PRICES OF SINGLE ITEMS (NOT COLLECTIONS) NOT INCLUDED IN THIS WHOLESALE LIST, PROVIDED ORDER TOTALS \$20.00 OR MORE GROSS.

TERMS: Prices include packing but not transportation costs. A 2% discount for cash will be allowed. Unless credit has already been established, orders should be accompanied by cash, or else ordered shipped by express c.o.d. This list supersedes and cancels all previous wholesale lists and quotations. All material is offered subject to prior sale of stock on hand.

GENERAL LIST

NOTE: ROOTED CUTTINGS are about 6 inches in length; MEDIUM SIZED PLANTS are well established, branched plants, many of which will bloom this year; SPECIMEN PLANTS, with the exception of basket types, are 2 feet or more in height.

C O L L E C T I O N S

Our collection offers are popular. They enable you to secure a combination of display plants which show your customers what the flowers are like, and rooted cuttings which sell immediately when the display plants are seen. A number of collections are offered so you can pick one or more to suit your particular requirements. The prices, you will note, are considerably lower than the combined prices of the included items.

COLLECTION 42A

This collection is your best bet if you are stocking epiphyllums for the first time--4 extra good bloomers--25 rooted cuttings of each for selling and a display plant of each to sell them with--at a bargain price.
